ISD Students Open *House* Session

Five ISD Middle School students performed the Pledge of Allegiance in ASL in opening ceremonies for the daily session of Indiana's House of Representatives at the State House. Students **Mindy Jo Schmidt**, **Jeremy Moore**, **Josh Powers**, **Sara Reis**, and **Ron Buterbaugh** studied with ISD Faculty members Edna Olsen (Deaf Studies) and Brian Brizendine (ASL). Superintendent Laird introduced the students to the House made brief remarks concerning ASL and ISD. ISD hopes that many of Indiana's legislators will come to ISD's Legislative Reception on Wednesday, February 23rd.

F.Y.I.

ISD Varsity Basketball player Michael Smith, with an astonishing 35.7 point-per-game average for the first eleven contests of the season, IS THE STATE SCORING LEADER!! Michael has a commanding five-point lead over his closest competitor!

Legislative Reception

A reception for Indiana State Senators and Representatives will be held in the Residence Halls second floor Coed Lounge on Wednesday, February 23, 5:00 - 7:00 pm. ISD families and students will have the opportunity to meet legislators from their districts and -

special guest,
I. King Jordan,
Gallaudet University President

Thought for the Week:

"Leadership is not magnetic personality -- that can just as well be a glib tongue. It is not "making people" -- that is flattery. Leadership is lifting a person's vision to higher sights, raising a person's performance to a higher standard, building a personality beyond its normal limitations."

Peter Drucker - *submitted by Bruce Peters, Director of ISD Support Services*

Check it Out!

There is a new CELEBRATE! bulletin board in Alumni Hall (outside of Room 135). Stop by and "Check it out!" For the next four weeks people can celebrate "Reflection." Many thanks to the people who gave their ideas to the last bulletin board. ISD hopes that all will enjoy this new activity!

Welcome

Kristine Heyerly - Substitute Teacher

0 - 5 Notes

Thanks

ISD is thankful for the wonderful, supportive parent volunteers in the 0 - 5 Program. The 0 - 5 Program had a lovely and fun-filled Fall Festival on October 29. The 0 - 5 Newsletter is underway. ISD would like to thank the following parents who have devoted many hours to the many projects already underway:

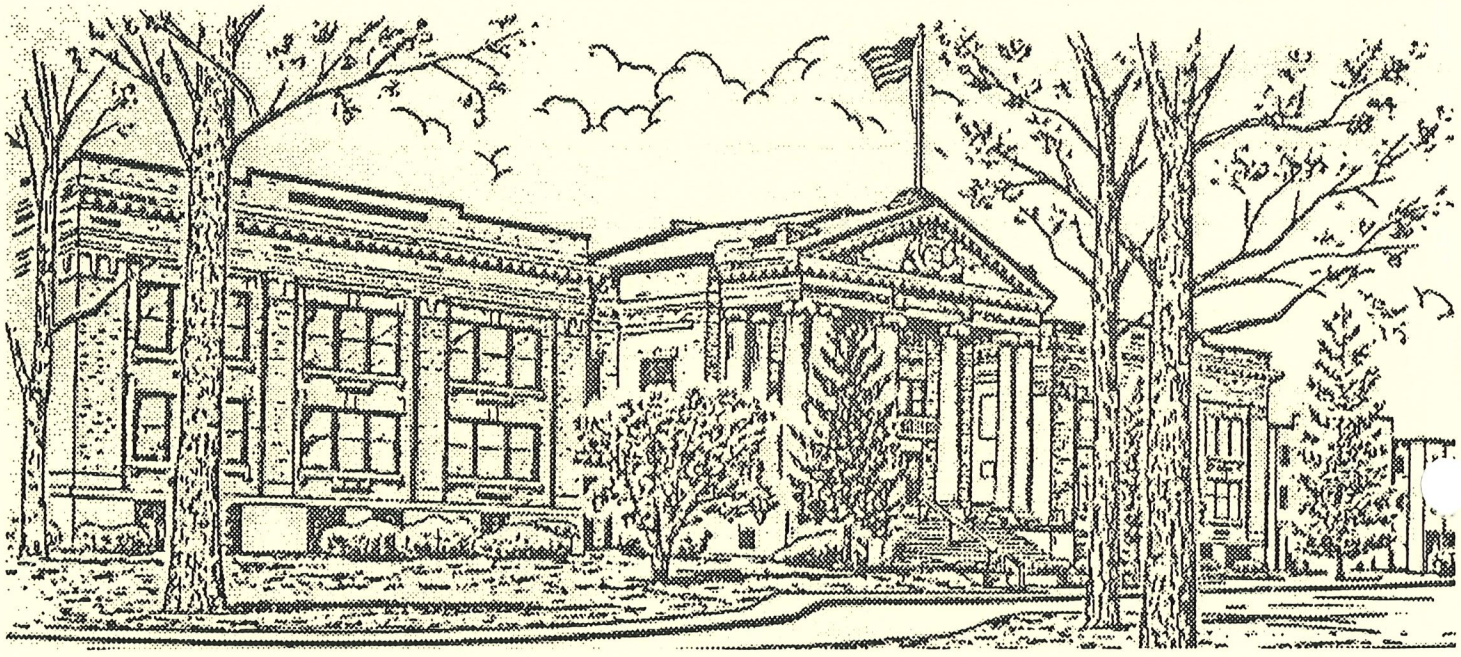
Julie Brink
Lori Crohn
Cassia Margolis-Greenbaum
Sharon Schuitema
Lori Dille

ISD would also like to thank the following parents who helped serve during the Fall Festival and Grandparent's Day:

Mrs. Bates
Elizabeth Russell
Diana Battiste
Lori Crohn
Sharon Schuitema
Mary Dall
Julie Brink
Lori Dille
Terrence Bell

Staff Stuff

ISD travels to Michigan City February 14 and 15. Grant money given to the Therapy Center is allowing ISD to do consulting, family support group and ASL classes for families with Deaf children. Debbie Rodecap will be collaborating with 0 - 5 Director Louise Fitzpatrick, Support Services Director Bruce Peters, Program Planner Diane Hazel, and parent Sharon Schuitema. The Therapy Center currently is serving six (6) Deaf children and one CODA.



Gymnasium Floor Unveiling

As part of ISD's sesquicentennial basketball festivities, the High School gathered in Alumni Hall Library on Thursday, February 10, to remember the old gymnasium that was converted into the present library. Superintendent Eddy Laird and Special Projects Coordinator David Reynolds welcomed alumni Bob Downing, Jess Smith, Leslie Massey, Melba Bippus, and Jackie McBroom, who shared memories and described in detail the school's gymnasium which was the spot for many athletic and social functions.

The hardwood center court (tip-off zone) has been revealed under the library's carpeted floor and covered with protective glass. Past photos of center court have revealed an ever-changing center court design. The earliest depiction appears to have been a black circle with an " I " of exposed wood in the center. The current orange center was the most recent version.

In order to get a better idea of what is shown in several historic photos on display, ceiling tiles have been temporarily removed in key areas of the library so that the former balcony rails and brick arched score keepers box can be viewed above the library ceiling. Please stop by the library to view the tribute to the "Old Gym" now on display.

Student Employee *of the Week*

This week's featured student employee is **Don Lynch**. Don works in the PIP Printing Company branch at 9512 Haver Way in Carmel (on the corner of 96th and Keystone). Don started working there in September, 1993, and really likes his work. He received A's on both of his first semester evaluations. Don began by doing paste-up and lay-out work. He now has a press he operates on his own. His co-workers at PIP really enjoy having him help them with their work load.

Don, a senior, lives in Noblesville. He says he would like to continue working in printing. His future plans are to become a full time worker at the PIP location next year and, in a year or so, begin classes in printing at Vincennes University or another trade/technical school. He is thinking ahead and knows school will require a lot of money. Don has a car (when it's running and safe to drive) and drives to work when he can so he can work longer hours. He now works 12:30 to 4:30 pm daily.

ASD Students Tour Willard Park & Grave

by Joanna Charpentier,
Student Council reporter

On February 11, American School for the Deaf (ASD) students began their tour of ISD at 10:30 am. Honors Program students escorted the ASD students through the high school and vocational buildings. The ASD students expressed great interest, looking into each classroom of each building. The area that seemed to most interest the students was MML (ISD's Multi-Media Lab). Everyone learned something there!

At 11:30 am, our guests went to the cafeteria and found themselves socializing with ISD students. They also participated in our Student Council lunch-time activity, which they enjoyed tremendously. After all that fun, the ASD students went to Alumni Hall, where a bus took them to Willard Park and Crown Hill Cemetery where Mr. Willard lies.

We arrived at Willard park after a long ride. When we got out and were preparing to take our first picture, the ASD students discovered that the ground was frozen solid! We kept on falling to the ground and almost forgot about the pictures because we were all having fun. When we finished taking pictures, Special Projects Coordinator David Reynolds explained a little bit of the park's history.

Then, on to Crown Hill Cemetery to see the Willard plot. David Reynolds explained a little bit about it and told us about other famous people who are buried at Crown Hill. Everyone posed for their last picture together, then left for ISD.

ISD will host a National BiBi Training Conference, April 28 – May 1, 1994, at University Place on the IUPUI Campus in downtown Indianapolis. The conference is being planned by the following people:

ISD Welcomes ASD Students

ISD started Friday's festivities with a Welcoming Ceremony in Alumni Hall Auditorium for ASD's students and staff. Superintendent Laird welcomed everyone and made some brief remarks regarding the historical connection of William Willard and Laurent Clerc. Displaying the painting of Laurent Clerc by Deaf artist Chuck Baird, he discussed the symbols and meanings in the portrait.

K - 5 students **Erica Hossler** and **Pia Marie Paulone** performed ASL poetry using handshapes and the ABC's of fingerspelling. Middle School student **Adam Gouvan** performed a poem about William Willard using the ABC's of fingerspelling. **Sara Reis** performed an ASL translation of a Laurent Clerc quotation.

Homecoming Basketball Games

After a successful homecoming dance on Friday evening, ISD's girls and boys basketball teams took to the court in two exciting games against the visiting teams of the American School for the Deaf.

The Hoosier Girls jumped to an early and commanding lead. The Lady Tigers from ASD fought hard, but were never able to overcome the powerful ISD team. After four quarters of fast-paced play, the Lady Orioles were victorious in a 60-19 win.

ISD's Boys Team, missing three players, struggled to stay in the game. Even though behind at times by 20 points, the team persevered, tying the game in the final minutes of play. With less than a minute left in the game, ASD's Tigers were ahead by one. With three seconds on the clock, ASD fouled ISD's Jarvis Gunn. Shoooting from the foul line, Gunn was able to first tie, then make the winning basket – an incredible come-from-behind 62-61 win for the Orioles!

After the game, awards for most valuable player went to Micki Smith and Jamyer Walters. Their efforts, and those of their team members, were outstanding -- achieving *two* exciting Homecoming victories!

ISD drummer **Jama Games** was one of the biggest stars of Homecoming night. He played the drum beautifully and kept beating for a Hoosier win. Students kept "hanging around" the drum (and the drummer) all night long. All of the fans were into the game, they felt the "beat," which helped maintain enthusiasm.

The new Orioles "Rhythm Ritual" was performed by ISD cheerleaders **Heather Cronin** and **Joanna Charpentier**. The idea is modeled after the "Gallaudet Bisons Song Dance." The performance was a major Crowd Pleaser, and kept ISD Spirits soaring high. This game goes down in the annals as one of the most exciting competitions in the school's proud history.

Homecoming Dance

The Homecoming Dance was held in KRC Gym in the Residence Halls, with beautiful decorations done by the SDC staff. The dance was open to all ISD families, staff and community members. The well-attended celebration included ASD students in the evening's fun-filled activities. The DJ's music was loud (and everybody loved it). The highlight of the evenings was the crowning of Homecoming Queen **Felicia Hubbard** and King **Shane Taylor**. Their Royal Highnesses enjoyed their one night reigns!

Gallaudet Grad Student Visits

Gallaudet University Psychology student Anne Wigent, who is currently interning in Rochester, New York, will visit ISD February 24 - 25. She is interested in observing the role of a school Psychologist in a BiBi environment.

Please welcome Anne when she visits ISD. She will be touring with Terri Motter, FSS department Psychology Intern.

SAC Task Force

The Staff Advisory Council Task Force held their third meeting on February 7. It was noted that some Educational Staff want to elect two new representatives to the Task Force. Jeff Choate and Cindy Harris were the original representatives from Education but have since moved to other job assignments. The group agreed that supervising teachers should be notified and two new education representatives should be invited to join, and that Jeff and Cindy should remain on the Task Force.

The Task Force began to discuss which groups should be represented on SAC, and agreed on two important points that may help to decide the represented groups:

1. SAC should be a place where staff can meet with management to plan programs at the school and to solve problems as they arise. SAC should not become an "open forum" for staff to simply state their complaints with no resolution.
2. In order for SAC to truly become a working, planning group, the size should be limited to twelve people.

The Task Force Representatives will be collecting staff ideas concerning which groups should be represented on SAC, and will continue this discussion at the next meeting on February 21.

Staff Development News

Storytelling in ASL

This two-day seminar is designed for individuals who want to develop skills in narration and storytelling in ASL. Participants will engage in the analysis of a variety of short stories and determine ways to communicate ideas and meaning in ASL. Focus on ASL discourse form and semantics will enable participants to increase ability to use classifiers, role-taking and spatialization and generate creative and cohesive messages. Patrick Graybill and Bill Ennis will conduct this workshop. Note: This seminar is conducted in ASL ONLY.

This workshop will take place May 21 - 22 at ISD (cost - $95). If twelve or more people register, ISD will receive a 20% discount. If interested in this workshop, please contact the Staff Development office as soon as possible.

Developing a Weekend Program for Families with a Deaf Child

Gallaudet University will host a Step by Step Action Plan on how to develop weekend programs for families. This workshop will be held July 12 - 16 at Gallaudet. Tuition and Materials cost $425. Dormitory housing/meals will be an additional $187.

Hands-On Math & Science - Creating an Exciting Classroom Environment

This two day workshop will provide participants with an opportunity to explore practical and successful activities for teaching science and math to students in grades 3 - 9. Using recently developed national standards for math and science, participants will explore strategies and techniques that will make these subjects exciting and meaningful for students. Registration is $200, deadline is March 9.

Are you 55 years of older? Are you culturally Deaf? Do you want a unique vacation combining life-enriching seminars and the excitement of touring beautiful San Diego? See the Staff Development Bulletin Board for more information.

Attention PARENTS!!! Parents Teaching Parents

Our children receive drug education in schools, but many, if not most, are going home to parents who lack the knowledge to reinforce school efforts in drug prevention education.

Many parents unknowingly enable their children to use alcohol, tobacco and other drugs.

The Indiana Federation of Communities for Drug-Free Youth, Inc. has prepared an easy-to-use, flexible program which can be used by parent/community groups, schools, PTAs, churches or other organizations, to educate parents about: the teen drug scene, symptoms of drug use, stages of drug use, what parents can do, what communities can do, and available resources

Participants will receive a st of 120 transparencies in protective covers, detailed instructions on organizing and implementing parent drug education classes, and supplementary materials to educate parents teaching the classes.

The workshop will held March 10 - 11 at 3435 W 96th Street (the Independent Insurance Agents of Indiana Conference Facility). Registration is $175 and is limited to 25 people.
